

TECHNICAL DATA SHEET

REVISED: 10/10/2023

PAPEREMOVER

REMOVER PRODUCTS

Concentrated release agent for the removal of wall coverings with non-woven or paper backing, and for wall paints.

Suitable for:

- Stripping of wallpapers
- Stripping of vinyl wall coverings on paper or non-woven substrate
- Stripping of foam wall coverings
- Duplex
- Stripping of old murals, even washable ones

TECHNICAL CHARACTERISTICS

- + Exceptional effectiveness
- + High yield
- + Low VOC (Volatile Organic Compounds)
- + Contains mould-resistant agent

PRODUCT PREPARATION

We recommend diluting 200g of PAPEREMOVER in up to a maximum 8 litres of water before application. With posters and murals a dilution in 5 litres would be advisable. Once diluted, it can be applied immediately to the area to be removed using a roller or a brush. Wait about 10 minutes before removing the wall cover. Use a metal scraper. On articulates absorbent walls or where the adhesive is powerful, we suggest using a second application of PAPEREMOVER.

APPLICATION

Once diluted, the product can be applied by roll directly to the area to be stripped.

COVERAGE

Around 40m²

CLEANING

The product does not leave marks

GUIDANCE

Where paper-backed vinyl has been used we recommend removing the top layer initially by hand, or by scoring the vinyl surface prior to applying the product.

PACKAGING

PRODUCT CODE	WEIGHT	UNIT	TYPE OF PACKAGING	PCS IN BOX

REMOVER PRODUCTS

STORAGE

The product is guaranteed in its original packaging, in standard conditions (+5 °C to + 35 °C), for 24 months from date of production. It is important to keep the product in dry conditions, away from heat sources and direct sunlight.

PRODUCT TECHNICAL DATA

Base	Surfactant
Physical appearance	liquid
PH	4.5
Viscosity	200cps
Custom code	3505 2010
VOC	<0.005mg/m3
Percentage of solids	Approx 10-15%
Operating Temperature	+5°C +40°C
Waiting time	10-15 minutes
Non inflammable	

SAFETY ADVICE

Keep away from babies and infants. Dispose of waste materials in containers suitable for building products
